

How to 'Recall' a SecurePackage.

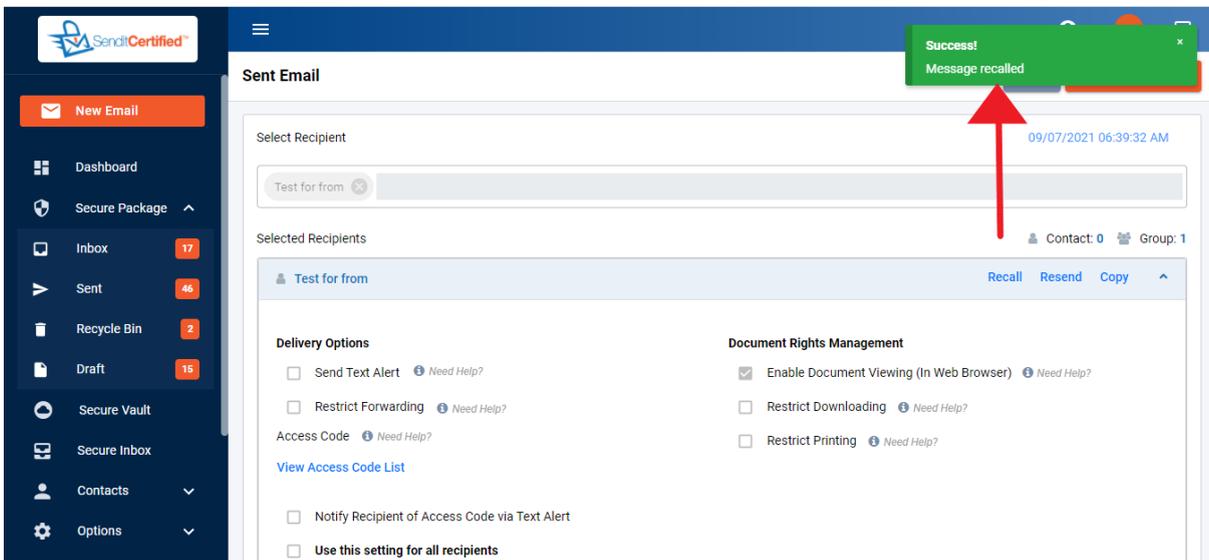

→ Log into your SenditCertified account and on the main menu select SecurePackage, then click on the “Sent” button from the dropdown list.

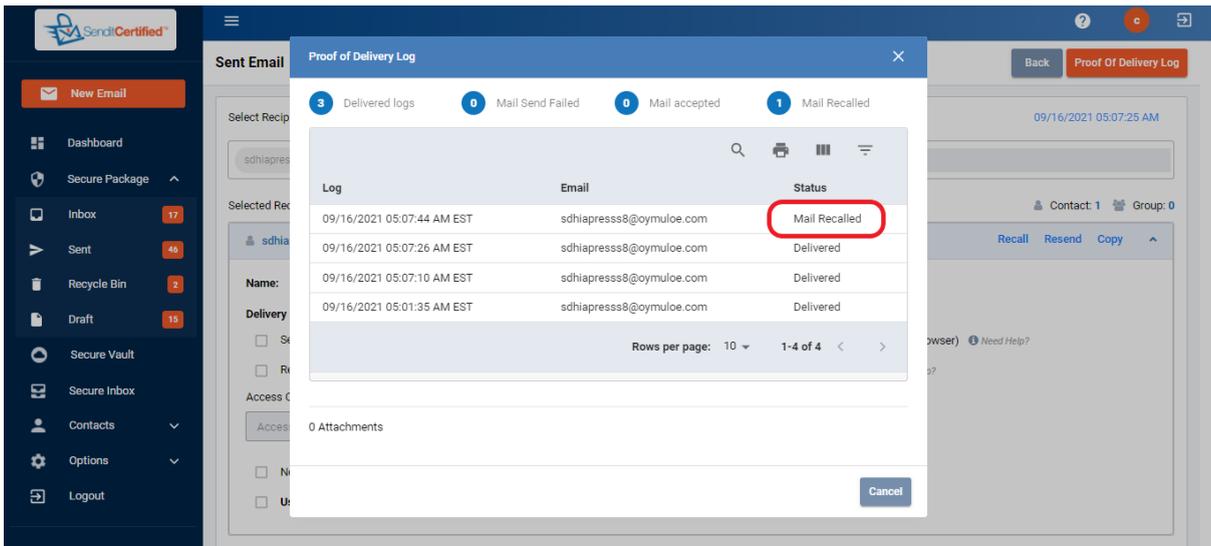

→ Click on any individual email and open the message you wish to recall.

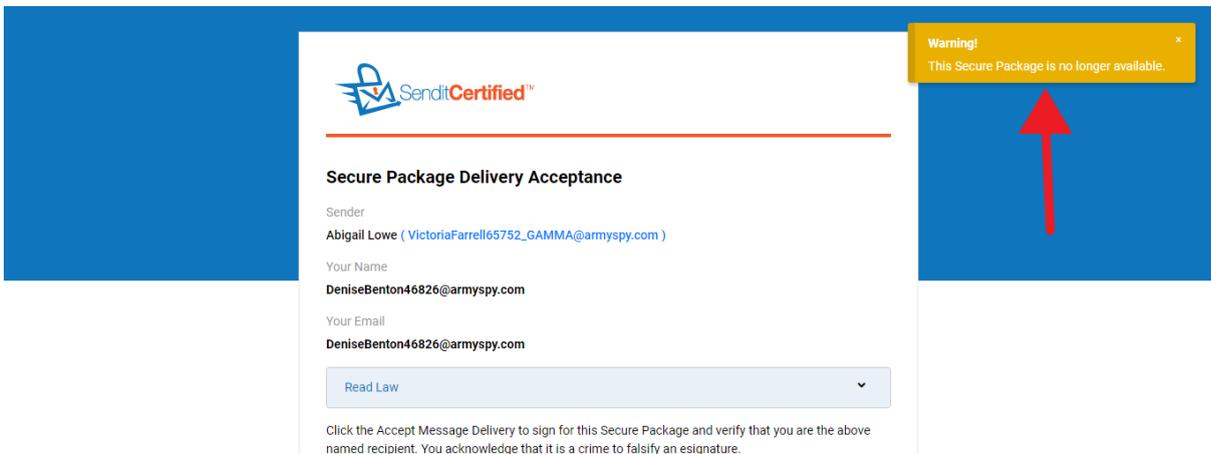

→ Click the "**Recall**" link for the contact whose SecurePackage you wish to '**Recall**'. Your SecurePackage has been recalled.

→ Your SecurePackage has been recalled and a toast message will be shown as "Message recalled".

→ Notice the status is changed in the Proof of Delivery Log.

→ In Recipient side warning will be shown and recipient can not have access to that secure package if the secure package was recalled by the sender.
