

# How to send a SecurePackage with video

- 1) Find a folder in your System where the Video file is located by clicking on "File Upload" button.

The screenshot displays the SendCertified Secure Vault interface. On the left is a dark blue sidebar with navigation options: New Email, Dashboard, Secure Package, Secure Vault, Secure Inbox, Contacts, Options, and Logout. The main content area is titled 'Secure Vault' and shows a progress bar for 'Total Vault Space : 5.00 GB' with 'Used Space' at 9.49 MB and 'Free Space' at 4.99 GB. Below this is a section for 'My Vault Files' with '+ New Folder' and '+ Upload' buttons. A red arrow points to the 'File Upload' option in the dropdown menu. A table lists files with columns for File Name, File Type, File Size, Modified Date, and Actions. The table contains seven rows, including folders like 'Test', 'VPN', 'htmlPayments', and 'PDFPAYMENTS', and files like 'Signed\_download (1).jpg', 'download (1).jpg', and 'hagesab653\_at\_timevod\_com\_down...'. At the bottom, there are links for Terms & Conditions, Patents, Privacy Policy, and DMCA Policy, along with a copyright notice for 2021.
